## FINANCING THE MICO UNIVERSITY COLLEGE EDUCATION

It is important that once accepted to join The Mico family, students make every attempt to satisfy their financial obligations.

However, The Mico knows and appreciate the challenges the average university aspirant has in financing their tertiary dreams. We consider the attainment of a tertiary degree as an investment, which may seem daunting on the onset, but will prove a worthwhile endeavor.

We at The Mico are committed to helping to guide you to various avenues of financial assistance. Proven options include, The Student's Loan Bureau, Jamaica Values and Attitudes Programme (JAMVAT), Programme of Advancement through Health and Education (PATH), scholarships and bursaries provided through various Ministries of Government, Private Sector Organizations and Non-Government Organizations. It is important that applicants spend time to do the necessary research to find out where and who offers tertiary financial assistance. The Mico also offers assistance in the form of, scholarships, bursaries, payment schedules (which students are expected to abide by) and student work programmes.

## FINANCIAL ASSISTANCE AVAILABLE TO STUDENTS

The Mico University College recognizes that satisfying the financial obligations for tertiary education can be a challenge for some. With that in mind, we have compiled a list of entities who have over the years assisted many of our students to finance their education. We recommend that you call or visit these entities and inquire as to how they can financially assist you in perusing your tertiary education dreams.
