Scholarships

Get the chance of a lifetime to earn a scholarship for College. Each year, The Mico University College offers many scholarships to recognize academic achievement and assist in financial aid.

A scholarship is gift aid that does not need to be repaid. Most Mico scholarships are non-renewable, requiring that you reapply in order to receive the scholarship again. However, as long as you maintain the required GPA of 3.0, you should have little problem in retaining your scholarship. Please note that the process is competitive.

Our Scholarship Process

We understand that the scholarship and financial aid process can feel challenging at times. You might have questions about what information is required, how it works, and how your unique situation might impact the outcome of an application for scholarship. Our staff is here to help.

Easy Application Review

Our application process is easy and straightforward and includes the submission of easy-to-acquire information so that we can base our scholarship decision on a holistic picture of your academic situation. Once you submit your scholarship application, our Scholarship Selection Committee carefully considers all of your information, which we use to determine your eligibility. We encourage you to contact our staff if you would like to discuss your application, or if you have general questions about how our scholarship application process works.
