Introduction

The Mico University College has not increased its fees for the 2023/2024 Academic Year. The fees fall into two categories, namely Tuition and Miscellaneous. Miscellaneous fees are charged to cover the cost of providing certain services. These fees at the graduate level cover items such as accident insurance, copyright payments to Jamaica Copyright Licencing Agency (JAMCOPY), accreditation costs, maintenance costs, administrative costs, identification cards, online subscriptions, Student Guild fees etc. While we deliver classes online, the costs normally associated with having students on the campus are incurred in maintaining the online platforms. Tuition fees cover the cost for the orientation course, foundation course(s) and core courses. Pre-requisite costs are calculated separately.

This document provides information about fees and payment options for Jamaican nationals, CARICOM nationals and international students.¹

¹ The University College reserves the right to modify the information in this document without prior notice. Check for updates regularly.

Payment Options: An Overview

There are three (3) basic Payment Options.

- Option 1 Full payment of all fees due for the academic year (tuition and miscellaneous) by **September 15, 2023** and **January 15, 2024**²: A 3.5% discount is applied to the tuition fee only.
- Option 2 Three equal payments of the tuition for the academic year, payable during the Registration period in each semester. No discount or interest is applied.
- Option 3 Eight equal monthly payments of the tuition due for the academic year. The first payment is due during the Registration period for the semester and by the 30th day of the month thereafter. A 5% administrative charge is applied.

Note that the Payment Options are not equally applicable to all programmes and student groups. Kindly check the options that apply to your programme. The figures do not include the pre-requisite costs. These are based on the individual schedule. Miscellaneous and other fees are not included in the Payment Options. Miscellaneous fees are to be paid in full in the first semester. **The Miscellaneous Fee is Non-Refundable.**

Students will indicate their preferred payment option when they apply for Financial Clearance. Once selected, the Payment Option is applicable for the academic year. Additional penalties may be applied if payment obligations are not observed.

² The January 15, 2024 payment date is applicable to those who begin their Programme in January 2024. The payment arrangement chosen in Semester 1, 2023/2024 would otherwise be in effect.
