Vision Statement

An entity for quality education and related services for professional development of various stakeholders in the advancement and sustenance of education locally, regionally and internationally.

Department's Mission

To provide the opportunities and support conditions for The Mico University College in facilitating national and regional development by offering continuing education to satisfy market need in a client-conducive context.

Private Pre-University External Examination Programme – This programme is geared towards providing educational services to individuals who desire to upgrade their training and certification for promotion and matriculation purposes.

The Mico University College Conditional Accepted Students – This programme is geared towards equipping and meeting the current need of our internal clientele (Students) who have received Conditional Acceptance from the Institution through our Registry Department.

Private Sixth Form – This programme is geared towards providing and equipping adult learners with the high level courses suitable to meet our entry requirement into other institutions/programmes
